**Becoming strong  
together – for our rights  
– Self-advocacy group –**

## WHO ARE WE

We are a self-advocacy group of refugees with disabilities

We support each other and learn together how to stand up for our rights.

Everyone is welcome – with or without experience.

Our group is a project by Handicap International as well as Arrival Aid (Munich), Diakonisches Werk Freiburg e.V., and Johannesstift Diakonie Proclusio gGmbH. All three work together.

## WHAT DO WE DO

We meet regularly, exchange ideas, learn new things and empower each other.

We offer:

- Workshops and informational events about rights and support services in Germany
- Communication trainings to build confidence in speaking
- Empowerment and guidance on self-care – we want to become stronger together
- Music workshops and other creative activities that help us discover new skills and feel comfortable

## WHAT IS IMPORTANT TO US

Everyone decides for themselves how much they would like to get involved. No one has to be able to do everything right away. We take responsibility for ourselves.

## WHAT WE DEMAND

- Clear guidance and support for refugees with disabilities
- Accessible housing and accommodations
- Equal and easy access to education and language courses
- Improved healthcare and nursing services
- Fully participation in politics and society

**Want to know more?**

**Come join us – you are more than welcome!**
